

2026 - 2027 District-Wide Safety Plan
Global Community Charter School
2350 5th Avenue
New York, NY 10037

Introduction

This Safety Plan is a District-wide School Safety Plan, developed for Global Community Charter School (GCCS). This plan has been developed by GCCS School Leadership, which will be modified as needed each academic year.

The planning process will include meetings with parents, local police liaison, school security, school staff, and students as requested.

Our goals to creating and implementing our District-Wide Safety Plan are:

- To create an atmosphere and set practices that prevents violence or unsafe conditions
- To create/implement a plan that will minimize the effects of serious violent incidents and emergencies
- To have an effective response plan for all predictable safety concern situations
- To produce a document that can be used as the basis for informing and training all school constituents in regard to keeping our school safe.

Section I: General considerations and planning guidelines

A. Purpose

The GCCS District-wide School Safety Plans are developed pursuant to commissioner's Regulation 155.17. A School Safety Team was created and charged with the development and maintenance of a School District-wide School Safety Plan.

B. School Safety Team

The GCCS has a School Safety Team that addresses all safety, emergency response, and post incident response planning and execution activities. The School Safety Team is comprised of, but not limited to, representatives from different departments of school personnel.

Name/Title	Role	CPR/AED
Kristan Norgrove Executive Director	Head of School Safety	
Jasmin Candelario Chief Schools Officer/MS Principal	Member (2 nd designee)	
Abdias Rivas Academic Support Coordinator	Member (3rd designee)	Certified
Brenda Daniels ES Principal	Member	

ES Security	Member	Certified
Kathy Brown Nurse Practitioner	Member	Certified
Wanda Squires, Operations Associate: Finance, HR, Facilities	Member	

C. Concept of Operations

As charter schools are also school districts in and of themselves, the GCCS District-wide Safety Plan and Building-level Emergency Response Plan are one in the same document.

The plans are developed by the School Safety Team, following District-wide Safety Plan guidelines distributed by NYSED, and in consultation with the NYC Charter School Office and Department of Education Charter school office.

In the event of an emergency or violent incident, the initial response to all emergencies at the School will be by the School Emergency Response Team. As necessary, the GCCS Board of Trustees and/or local emergency officials will also be notified.

Existing county and state resources will be called upon for assistance as possible/required through existing protocols.

D. Plan Review and Public Comment

We will include representatives of all key school constituents and interested parties in the development and review of this plan. The final plan will be formally adopted by the Board.

This plan will be reviewed periodically during the year and will be maintained by the School Safety (Emergency Response) Team. After approval, the required annual review will be completed on or before August 1st of each year after its adoption.

Section II: Risk reduction/ Intervention Strategies

A. Prevention/Intervention Strategies Bullying

Prevention

GCCS believes that all students have a right to a safe and healthy school environment. We have an obligation to promote habits which include mutual respect, tolerance, and acceptance.

Experiences during the early school years lay the foundation for ongoing peer relationships. GCCS implements the RULER social emotional curriculum school wide. RULER is an evidence based approach to social and emotional learning created by the Yale Center for Emotional Intelligence. It supports positive emotional climates and the development of emotional intelligence skills in both students and the adults in their lives. RULER teaches skills associated with Recognizing, Understanding, Labeling, Expressing, and Regulating emotion. Decades of research show that these skills are essential to effective teaching and learning, sound decision making, physical and mental health, and success in school and beyond.

GCCS does not tolerate behavior that infringes on the safety of any student. A student shall not intimidate, harass, or bully another student through words or actions. Such behavior includes: direct physical contact, such as hitting or shoving; verbal assaults, such as teasing or name-calling; and social isolation or manipulation.

GCCS expects students and/or staff to immediately report incidents of bullying to their teacher, the Dean or designee. Staff who witness such acts take immediate steps to intervene when safe to do so. Each complaint of bullying should be promptly investigated. This policy applies to students on school grounds, while traveling to and from school or a school-sponsored activity, during the lunch period, whether on or off school premises, and during a school-sponsored activity.

Teachers should discuss this policy with their students in age-appropriate ways and should assure them that they need not endure any form of bullying. Students who bully are in violation of this policy and are subject to disciplinary action up to and including expulsion.

The Student Code of Conduct includes, but is not limited to:

- Any student who engages in bullying may be subject to disciplinary action up to and including expulsion.

- Students are expected to immediately report incidents of bullying to their teacher, the Culture Associates, or designee.
- Students can rely on staff to promptly investigate each complaint of bullying in a thorough and confidential manner.
- If the complainant student or the parent of the student feels that appropriate resolution of the investigation or complaint has not been reached, the student or the parent of the student should contact the Executive Director. The school system prohibits retaliatory behavior against any complainant or any participant in the complaint process.

The procedures for intervening in bullying behavior include, but are not limited, to the following:

- All staff, students and their parents will receive a summary of this policy prohibiting intimidation and bullying: at the beginning of the school year, as part of the student handbook and/or information packet, as part of new student orientation, and as part of the school system's notification to parents.
- The school will make reasonable efforts to keep a report of bullying and the results of investigation confidential. Staff who witness acts of bullying shall take immediate steps to intervene when safe to do so. People witnessing or experiencing bullying are strongly encouraged to report the incident; such reporting will not reflect on the target or witnesses in any way.

Conflict Resolution

Part of a healthy environment is the freedom to openly disagree. With this freedom comes the responsibility to discuss and resolve disagreements with respect for the rights and opinions of others.

GCCS will incorporate conflict resolution education and problem solving techniques into the curriculum and school wide programs. This is an important step in promoting respect and acceptance, developing new ways of communicating, understanding, and accepting differing values and cultures within the school community and helps ensure a safe and healthy learning environment

GCCS will provide training to develop the knowledge, attitudes, and skills students need to choose alternatives to self-destructive, violent behavior and dissolve interpersonal and intergroup conflict. Students have expectations to follow while on school grounds, when traveling to and from school or a school-sponsored activity, and during lunch period, whether on or off school premises.

The Students Code of Conduct includes, but is not limited to, the following:

- Students are to resolve their disputes without resorting to violence.
- Students are encouraged to help fellow students resolve problems peaceably.
- Students can rely on staff trained in conflict resolution and peer mediation strategies to intervene in any dispute likely to result in violence.
- Students needing help in resolving a disagreement or students observing conflict may contact a teacher, counselor or other school staff member.
- Students involved in a dispute will be referred to a conflict resolution session with trained counselor. Other staff will keep the discussions

confidential.

- Conflict resolution procedures shall not supplant the authority of staff to act to prevent violence, ensure school safety, maintain order, and discipline students.

Cybersecurity

Protecting student and staff information is essential to ensuring a safe and secure learning environment. Our cybersecurity practices safeguard sensitive data, prevent unauthorized access to school systems, and promote responsible digital citizenship. By maintaining strong safeguards—including secure networks, staff training, and clear protocols—we protect against cyber threats while teaching students to use technology safely and responsibly.
